Chime Master Systems  
P.O. Box 936  
Lancaster, Ohio 43130

Attn: Jeff Crook

Jeff,

I just want to drop you a quick note to let you know how pleased we are with our new Chime Master System. The beautiful sounds are a real addition to our community and the neighbors have all told us how much they enjoy the music. Several of our local residents have also told us they can set their clocks by it because it is so reliable.

This is the second system I have been involved in purchasing from you and both churches have been very pleased. Who knows, maybe in the future there will be another.

Please feel free to show this letter to others and if they have any questions, just have them give me a call.

Blessings!

Dr. Rev. Stephen E. Ellis
