Chime Master
c/o Jeffrey A. Crook
PO Box 936
Lancaster, OH 43130

Dear Jeffrey,

I am writing you today to let you know how happy we have been with our choice of installing a Chime Master system at our church. The quality of the product and customer service we received was outstanding and far exceeded our expectations.

Our Chime Master system was installed as part of our former pastor's retirement celebration after serving in ministry for over 55 years. He had expressed a dream to have the system installed so that our entire community could enjoy not just the music it provided but also provide a beacon towards the Gospel. From the first day we debuted the chimes we received wonderful comments and stories from our neighbors...that were miles away!

We thank you again for providing us a unique way to not only minister to our community through this musical experience but also giving us a Gospel conversation starter. We wish the best for your company and look forward to many more years of hundreds of great moments with music.

Serving Him Together,

Rev. David Richardson
Interim Senior Pastor
Associate Pastor/Administrator
