Lancaster, Ohio, 43130

Dear Jeff & Chime Master Friends,

I am very pleased with my dealings with you and your company for the purchase of the Chime Master Carillion Bell. I love your spirit of availability and listening culture. Your company treats their customers with respect and dignity. You made things easier for me when I had little problems of setting some programs.

Ever since the installation of the Chime Master Carillion Bell, I and my Parishioners have been having a wonderful sense of fulfillment whenever the bell tolls or sings. It always connects me and my parishioners back to the Ultimate when tolling, especially when the bodies of deceased parishioners are brought inside the church, or being removed after a requiem Mass. The Chime Master Carillion Bell creates an aura of reflection and makes one prayerfully reconnect to life beyond. The preloaded and programmed seasonal hymns are awesome and help to bring the spirit and body together and create a good atmosphere for praying and worship.

I will always be in contact with you when the need arises and hopefully you will continue to serve your customers as you have been doing. Do not relent in your good services and availability to your customers. Thank you, and may God bless you.

Sincerely Yours

Fr. Peter Nwachukwu ( MALS, D.M)
