

Stecoah Baptist Church

Dear Jeffery Crook,

Our church purchased chimes from your company a few months ago and as pastor I wanted to share with you how happy we are with your product.

I haven't heard one complaint from the church family nor from the community that surrounds the church. Everyone gives the highest praise for the clarity, sound and volume. I talked with workers in the community and they say "what a great way to end the day's work to hear the chime start playing."

The chimes are definitely a great asset to the church. They were installed in a very professional way and the short time that it took to install them was amazing. Since the time of installation, we have not had one problem with them.

I would strongly recommend the chimes to any church, large or small. We are very thankful that we purchased your product.

Keep up the good work.

Pastor G.D. Phillips
