Dear Chimes Master,

We are very happy with our new programmable chimes system. Zwingli as a community of faith attempts to bring Christ into every aspect of our lives and the lives of those around us. The Carillon you provided for us has now become a part of everyday life here in Monticello. Monticello is small, with a population of about 1200+. We are the only church in the village and our chimes system has found its way into the lives of not only our members but the entire community. Being a church, most of what we do is on a volunteer basis. Rarely does the same person do the same task each time. Operating and adjusting systems by looking at a manual can sometimes be intimidating. Your helpful courteous staff walked us through the process of seasonal adjustments as well as answering any questions we may have had. We recommend Chime Master as a component of any ministry to any community!

"....all nature sings and round me rings the music of the spheres"

Blessings,

Rev. Lance Smith, Pastor
Zwingli United Church of Christ
