I, Rev. Vasyl Sendeha, pastor of Sts. Peter and Paul Ukrainian Orthodox Church in Palos Park, IL on behalf of the parish community would like to express our gratitude for a great job done refurbishing our two bells. Bells on our church are of a great sentimental value to our parishioners. They carry a lot of history. Our parish has been in service to God and his people for hundred and five years. Even though the parish has moved three times and constructed new temples for worship, the bells remained the same. They have been moved along. When the need to refurbish them arose, there was a great concern of whom to trust to do the job. We have zeroed in on your company even though we had a maintenance contract for years with the other bell company. Your employees were proficient, prompt and courteous in working on arranging the whole process from taking the bells down, transporting, refurbishing as well as mounting back and tuning them up.

The service as well as the prices you have offered were unbeatable. We liked to do business with you and hope to continue our relationship.

Sincerely,

A handwritten signature in black ink that reads "Rev. Vasyl Sendeha". The signature is written in a cursive, flowing style.
