National Sales Manager  
Chime Master Systems

Dear Mr. Crook,

We have received nothing but good compliments about our Chime Master carillon, both from the church and the surrounding community. The only "critique" we have received is: "Can you make the bells any louder, so that we can hear them at our house?" And so, week by week we have inched up the volume, gaining the confidence that nobody finds our beautiful music an irritant. We are satisfied in every way by the system we purchased, and by the character, charm, and beauty it has brought to our small community. May it function well for years and years to come!

To God Be the Glory,

Rev. Katie Hayes
