Dear Ms Grenier,

We are indeed enjoying our new carillon! After many years of having our old one be so undependable, it is wonderful to hear this one playing so flawlessly.

Of course all our congregation is enjoying hearing it chime the hour, play hymns at noon and six o'clock, and call one and all to church on Sunday morning. But the icing on the cake came when the concierge of the large Equinox Hotel across the street called specifically to tell us how much the employees and hotel guests alike were enjoying listening to it.

Thank you for your excellent service and guidance in the selection and purchase of the carillon.

Sincerely,

The Rev. Richard D. Ringenwald

RE: Chime Master System installed in December 1993,
same replaced a Verdin tape unit.
