

Millennium Advanced eXperience by Chime Master

Traditional quality sound at a great value.

Featured on the Millennium AX™ is a color touch screen presenting intuitive customizable menus. Initial setup screens clearly guide you with questions about your traditions, ringing preferences and schedule needs.

Chime Master includes seven available instrument combinations in the Millennium AX. A powerful front facing speaker provides inside ringing and sound when playing the bells using a connected keyboard. The Millennium AX™ is compatible with existing audio systems or can be upgraded to an inSpire™ audio system for higher fidelity realism.

An expansive library of selections includes thousands of hymns in various arrangements and multiple customizable ringing functions.

Control your bells remotely from anywhere with Chime Master's exclusive Chime Center™. This portal seamlessly integrates online management and remote control. Online tools facilitate schedule changes, backup of settings, as well as automatic updates as soon as they are available.

FEATURES

Bell Instrumentation

Seven of the highest quality bell instruments give your church a distinctive voice in your community.

Enhanced SmartAlmanac™

Follows the almanac calendar and plays music appropriate to the season automatically.

Liturgical Ringing

Hundreds of Peals, Tolls, Swinging, and Angelus bells to meet your congregation's needs for Weddings, Funerals, Calls-to-Worship, Mass, and Prayer.

Extensive Musical Library

Over 1,000 beautiful selections recorded by experienced church musicians.

Clock Chiming

Keep time with customizable hour striking with or without the Westminster Chime.
