Dear Mr. Crook:

Words just cannot express how pleased we at West Park Baptist Church are with our Chime Master Systems carillon. It was a satisfying experience working with your staff in the installation of our system. Not a question was asked that was not answered in its entirety very quickly.

Our system has performed wonderfully and has enhanced our church building tremendously. We have had wonderful reports from the people who live around our church. We have had people stop, or pull into our parking lot, to listen to the beautiful music provided daily.

We appreciate the fact that reprogramming the system for special use is a cinch for anyone to learn and use. Should we forget how, all we have to do is call and your people walk us right through the program.

We certainly would recommend your very dedicated sales and service staff to anyone who is interested in a Chime Master Systems product. We feel there is no finer system or staff anywhere. Your machines perform as they are advertised to perform.

Thank you so much for this enhancement to West Park Baptist Church. If we can ever assist you with a recommendation, please do not hesitate to call upon us, for we are one happy congregation.

Because of Christ,

C. Lionel Williams
Minister of Music and Education
